Re: Richardson Flat Tailings
Site, Summit County, Utah

To all parties concerned:

This letter serves to clarify any confusion regarding the effective date of the Special Notice Letter dated February 10, 1989, you received regarding the above-captioned site.

The 60-day moratorium did not begin to run with your receipt of this letter. As the special notice letter mentioned, the 60-day moratorium will not begin to run until you receive a proposed draft Administrative Order. The Agency is in the process of drafting this Order. When the proposed Order is finalized, the Agency will send you a copy along with a cover letter that will specify that the 60-day moratorium has commenced.

Of course, the Agency will be glad to begin negotiation discussions prior to this time and would encourage your participation. Please feel free to call if I can be of any additional assistance.

In addition, please note the enclosed revised list of potentially responsible parties. The revisions reflect information obtained by the Agency as a result of inquiries made in response to the Special Notice Letters.

Sincerely,

Sandra R. Moreno
Assistant Regional Counsel

REMARKS

In view of this letter I made a change on the RFT SIF with Nancy from Charles Moore's Section. My change was related to the RI/FS negotiations start of 89/1. We did not make it and would not have had 60 day review complete until Mar 31? This letter changes RI/FS Negot to at least 89/4. Agree?
